

Would you like to have GUESTS IN YOUR PULPIT

The Ohio-Meadville District has a program that could be beneficial to your congregation. As you may remember, the program is designed to share Sunday service providers between our congregations. Sometimes it is difficult finding enough quality speakers and worship providers. Let's help each other!

We have a number of individuals who are now providing this service. You can read about these folks and the programs they offer on the OMD website www.umd.uua.org

Do you have individuals in your congregation who would be willing to share the wonderful programs they've done for you with another OMD congregation? If so, have them individually fill out a form like the one attached and forward them to the District Office. We will add them to our website and included them in our monthly congregational packets.

Let's keep this exchange going.
