Great Junior High Con, Problem? Talent Show issues, jokes? Hm crazy....jokes about sex and consent. Think about what we're saying. Get err done.  
It's Button Time.

New website, you like it, cause I do!

Guidelines on sex:

Co chair feelings: taking away from the community.

Jeff wrote some updates to the guidelines on expression document that we have and will outlined the differences between the two documents. So... will wanted to ask if we wanted to officially update the document.

A discussion ensued that had various points... and consensus could not be reached, will decides to table the sex talk until Jeff is there to talk about his changes.

BIG SEX TALK TABLED.

Sprac yac.

So will is having a lot of problems finding good date for spring yac... a discussion ensues. We decide through consensus, blocked once but then retracted by adam harkey. ... that we will not have a spring yac meeting and instead extend the sac yac into Saturday afternoon and call it sprac yac. And we will be planning sac and spring con in the same meeting, because the SACs are doing a lot o' work on sac anyway there.
